

Rogers-Herr Year Round Middle School

PTA Executive Board Meeting

Monday, October 8, 2012 6:30 pm

Location: Cafeteria

The meeting was called to order by President, Kim Deck. The agenda for the meeting was given to everyone by Kim. In attendance: Kim Deck-President, Sharon Walker-VP, Nichelle Perry-Fundraising, Tamiko Sanders-Cool Cash, Mr. Fuga arrived late from class.

President's points: The meeting opened with a welcome from the President, Kim. Kim made note that several emails of thanks have been extended to the PTA as a whole for all that we have done thus far to support the teachers and staff. Discussed the gift cards and would like to have a set amount in the budget for Mr. Fuga to use, similar to what was done last year. Minutes from our last meeting will be distributed by Tamiko.

Treasurer's Treasures: There was no formal report.

Membership Drive: Sharon to make copies of teacher specific membership forms on colored paper and add a self addressed envelope with small candy item and place in each teachers box by the end of this week. Discussed the idea of "Club Night" and promotion of Endgrade as a way to enhance membership, date set for October 25, 2012 from 6-7:30pm. We will also have hoodie order forms available as well as ice cream.

Wellness: Discussed a basketball game between teachers and students and this will probably occur in March 2013. Might offer Zumba again in the spring.

Fundraising: Cookie dough arrives tomorrow. Nikki will get the order forms ready for hoodies for the fall.

Cool Cash: Tamiko to follow-up with Jimmie regarding the bottles for the Cool Cash competition to begin in January 2013. There is a deadline of Nov 1, 2012, for the fall submission of box tops, so Sharon will email the PTA members a date of October 24 requesting that anyone who has box tops to please submit them.

Hospitality: There was no formal report.

Communications: Discussed and agreed that we should let parents know about the yahoo profile that needs to be created in order to receive emails from the List Server. Mr. Fuga suggested that we might be able to use the Endgrade technology if more people will register, and it is worth pursuing both.

Next Executive Board Meeting: November 5, 2012 @ 6:30 PM (Media Center)

Respectfully Submitted,

Sharon Walker
